## PROGRESS

One short year is a very meagre yardstick of Progress. None the less I am sure that those of you who attended the first annual sale of the Maryland Shorthorn Breeders Association in November, 1946, will be both pleased and surprised to see the improvement which has been made in this short time by Maryland breeders and by other consignors to this, our second annual sale.

We were very proud of the record which we made last year. 46 heifers averaged \$441 and the entire sale of 54 head averaged \$420. This compared very favorably with sales held throughout the United States, and is particularly noteworthy when it is remembered that the top of the sale was \$1300.

The quality of Maryland Shorthorns is constantly improving due both to the adaptability of the cattle to eastern farms, and recognition by Maryland breeders of the fact that it pays to buy and to offer good ones.

You will remember that 1946 was a banner year for the breed. We made a clean sweep in Chicago in the fat cattle classes with the Grand Champion and Reserve Champion Steers, and the highest selling carload. It was a banner year for Maryland as well, but we believe that 1947 will prove an even better one. We are making PROGRESS in Maryland and we hope that you will attend our sale and judge for yourself the high quality of the cattle offered here.

The Maryland Shorthorn Breeders Association extends to you a cordial invitation to attend our sale and to visit our breeding farms.

H. L. STRAUS, President,  
Maryland Shorthorn Breeders Association

**ORANGE BLOSSOM TOWPATH**—Red Roan—red predominating head and shoulders, otherwise white predominates. She carries the service of Helfred Clipper Leader, 2551803. This heifer was taken off of grass the middle of August, with the result that at the time of sale she will not carry quite the flesh of the other animals in my consignment.
